ALUMNI COMMITTEE

The institution has a registered Alumni Association that plays an active and significant role in supporting institutional growth. The Association contributed through financial assistance, infrastructural support, student mentoring, career guidance and collaborative academic activities. Regular alumni meetings, fundraising initiatives, and participation in institutional events help strengthen the network and ensure continuous engagement. The contributions of the Alumni Association are systematically documented and utilized for the overall development and quality enhancement of the institution

The institution has a registered and actively functioning Alumni Association that has been consistently engaged with the campus since its inception in 2013. The Ideal Institute of Technology Alumni Association (IITAA) focuses on strengthening the bond between alumni and the institute while prompting the professional growth of students.

The primary mission of IITAA is to maintain strong alumni-institution relationships and to create a platform where graduates can share insights from the professional achievements, industry experiences, and career paths. As a student-led organization, IITAA plays a role in career development, offering resources for skill enhancement, professional guidance, and industry exposure.

IITAA organizes an annual alumni reunion, welcoming both local and outstation alumni. These events include campus tours that allow alumni to reconnect with the institute and share experiences with current students. Students are encouraged to contact department heads, the Principal, and the Alumni Association Coordinator for counselling, mentorship, and support.

Alumni significantly contribute to student development through:

1. Mentoring final-year students in academic projects and research activities.
2. Providing career guidance and placement support within India and abroad
3. Delivering guest lectures on emerging technologies, research advancements, innovation, and entrepreneurship.
4. Conducting workshops, seminars, and arranging industry visits
5. Offering insights into market trends, start-up ecosystems, and entrepreneurial opportunities

Through these meaningful engagements, the Alumni Association enhances the academic quality, employability, and overall institutional development, thereby contributing to the continuous improvement and growth of the institute.

PROGRAM REPORT

An alumnus with student interaction is a magnanimous event which plays pivotal role in students from all walks of life.

An alumnus is a person who has studied at a college and successfully completed and 90+ placements in multi-national companies across the globe. Alumni represent the institution in society through remarkable achievements and personal work. They often maintain a lifelong bonding with their college and contribute by sharing experience, guiding students. He offered exceptional support in terms of academics and cultural activities.

Objectives:

Alumni aim to foster lifelong connections providing platforms for networking, career growth and fund raising for college developments. It boosts institutional reputation and inspiring current students through shared success stories and social/professional engagement for mutual growth and community building.

Fundraising is the process of collecting voluntary contributions from individuals, business, or foundations to support an organization. It helps raising funds for college infrastructure, scholarships and development helping achieve academic excellence

K.Mohan Sai Raj accentuated self-efficacy, handling failures, and the importance of consistent learning with real world examples, and interactive activities made the session engaging

He emphasized the importance of Intrapersonal communication, how to contemplate, rationalize and deliberate in life. As a mental process it helps us make sense of the world we live in evaluate experiences, make judgements and come to conclusion

The session was delivered by an incredible speaker who inspired students with practical life experience and success stories

G.Urmila motivated students to overcome fear, growing from mistakes, building, resilience, gaining experience, failing forward, reflecting on setbacks. The whole session came off without a hitch, ran smoothly, hit the mark.

Students actively participated in the programme and interacted with the speaker by asking questions. The programme created enthusiasm and gave boosting to the students.

The programme was a great success and left a lasting positive impact on the students.
